EDUCATION

Bharat College Of Engineering   Badlapur (W),

BE in Computer Engineering, 7.94 CGPA   *December 2021 – July 2024*

S.H.JONDHALE POLYTECHNIC   Dombivali(w),

Diploma in Computer Engineering, Percentage: 82.74%   *August 2018 – May 2021*

EXPERIENCE

Ybi Foundation   June 2024 – July 2024

Python Programming Internship

- I recently completed a one-month internship focused on basic Python programming. During this time, I gained practical experience in fundamental concepts such as variables, data types, loops, and functions.
- I also learned to apply these skills to solve simple coding challenges and tasks under supervision efficiency.
- Additionally, I learned about the importance of code readability, documentation, and collaborating within a team environment. This internship not only enhanced my technical abilities but also introduced me to the professional practices of software development.

Codsoft   may 2024 – july 2024

Web Developer Intern

- I am currently immersed in a web internship, focusing on developing practical skills in web development. I am gaining hands-on experience in front-end technologies such as HTML, CSS, and JavaScript, learning to create responsive and visually appealing web pages.
- This internship allows me to apply theoretical knowledge from coursework to real-world projects, improving my problem-solving abilities and collaborative skills in a professional setting.

PROJECTS

Pre-Placement Self Assessment Program—*Javascript, Bootstrap, Asp.Net, Sql*

- "Pre-Placement Self-Assement Program" is a prominent online platform dedicated to aiding job seekers, students, and career enthusiasts with a vast repository of resources and education and skill development. this platform will serve as a versatile hub for individuals preparing for competitive exams, job interviews, and placement assessments.
- The platform's extensive resources and user-friendly interface will make it a preferred choice for those embarking on their career journeys.

Product Management System— *HTML,Javascript,CSS,Bootstrap,sqlite*

- Engineered a user-friendly interface for intuitive and efficient product data management, leveraging robust user authentication and granular access control mechanisms to secure sensitive information.
- Utilized SQLite database technology for efficient data storage and retrieval of product information, facilitating streamlined product management operations.

TECHNICAL SKILLS

Languages: C, Python,JavaScript,HTM, CSS(Flex Grid)
Frameworks/Libraries: Bootstrap,Jquery
IT Constructs: OOPS, DBMS, Networking,cloud
Database: MySQL ,MongoDB
Developer Tools: Github, VS-Code

ACHIEVEMENTS

- Walmart Global tech software virtual experience program
- Ybi Foundation data analytics program
- Hackathon in College-fest
